

ZIPPITY

Put your zip in it

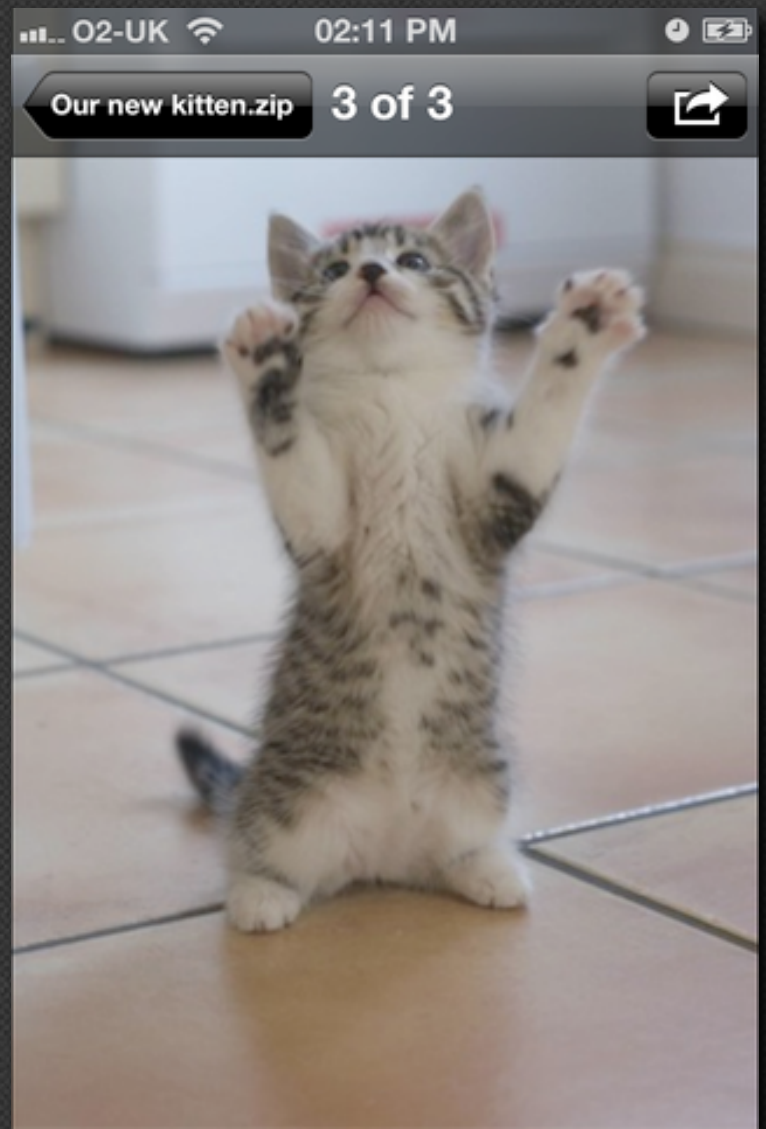

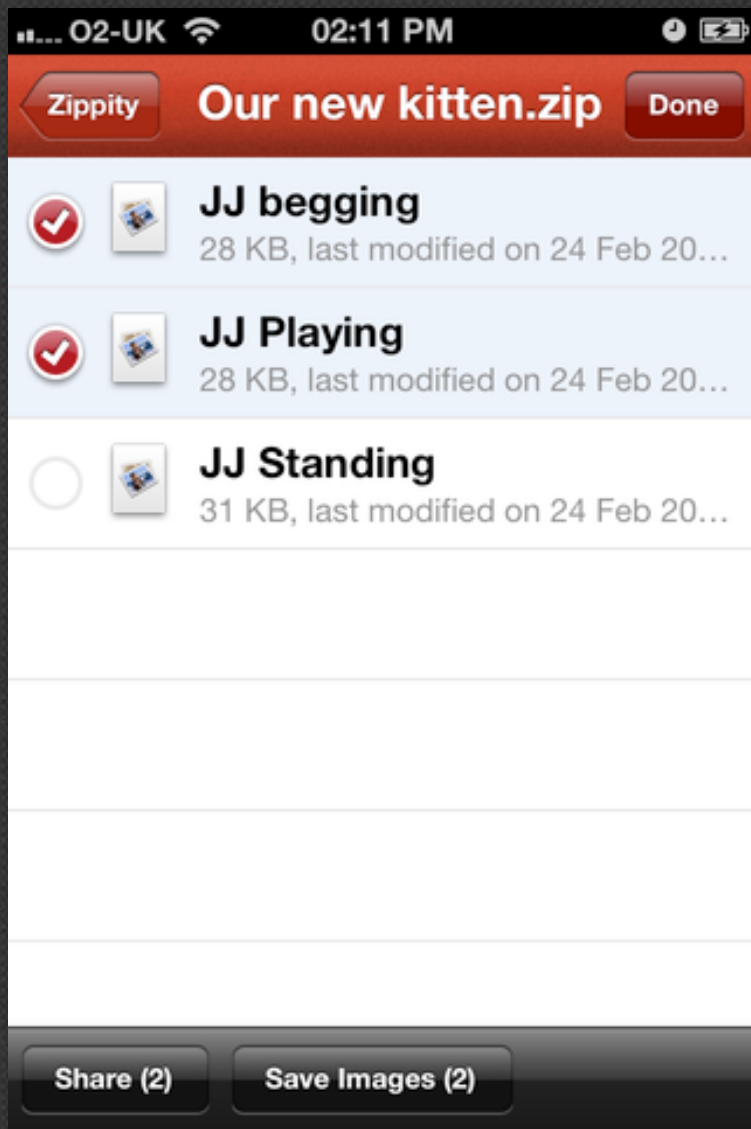

Received a zip file by email?
Just tap the file to open it in
Zippity.

Found a zip file on the web?
Just tap **Open in "Zippity"**!

No **Open in "Zippity"** button? No problem!
Tap **Open in...** and choose **Zippity**.

One tap and you're in your zip. Zippity keeps a copy - you can delete it when you're done.
